The Bee Sting Raymond L. Robinson

In a land where everyone is insane, your sanity may be your biggest downfall or your greatest weapon. This story is about the fantastic world where a young man by the name of Richard lives. Armed with a weapon that he receives from a pile of rotting corpses, Richard must escape the institution that has held him prisoner for so long. Partnering up with a severed hand named Resk and a young girl who has been created in an underground room of a madman's laboratory, Richard is just trying to survive in this wacky world filled with cannibalistic nuns. Is trying to get home really supposed to be this difficult? "How do you make it without dying?" "You don't..." Sometimes, escaping your fears isn't enough and you must stand and fight, even if it means losing your life...a couple times... What would you do to see your love?

The dark world of severed hands, rock monsters, cannibalistic nuns, and madmen awaits you in this exciting tale of a young man who just wants to escape the institution that he's been imprisoned in for so long. With the help from a friend on the inside, his escape becomes a reality. But what has he gotten himself into? Has he been institutionalized for so long that the world has left him behind, or does everyone know something that he doesn't? In the tremendous amount of confusion that swarms all around him, he is left with the love for his friend Sharon, the girl created in a laboratory. But will his love for her save him or destroy him? With nuns lurking around every corner, sniffing him out, where can he and Sharon seek refuge? In this land full of madness, nothing is what it seems...

Born in Chapel Hill, North Carolina, I moved to Pennsylvania when I was three. I went to school at Northwestern, in a small town called Albion. At a young age, I had incorporated a many hobbies into my life, which made it very difficult for my parents to ever really ground me for messing up in their eyes. They could take away my toys, my computer, my video games, and my time with my friends, but they couldn't take my writing or imagination, so if I were to get grounded from one thing, I would switch my attention to another one. I've always enjoyed writing very much. With my free time in school, I created one comic series and various stories. Some still have yet to be finished, but as I continue through this life, I am continually thinking of new ideas for short stories, novels, and comics.

Note to the readers:

There are times when we all want to escape our lives for one reason or another. Some people do it by working themselves to the extreme, some by dreaming in their beds no matter the time of day, and some by keeping their minds in a perpetual state of fantasy that they themselves or someone else has created for them. Sometimes reality seems a bit more like fantasy, you find yourself wondering, "How could reality be real?" Maybe it's not. Sometimes that fantasy is our reality. I invite you into one of my fantasies. Enter a realm where the normality of real life washes away to become something much greater, where unconditional love becomes the driving force behind the reason for putting yourself in terrible danger. Enter into one of my escapes from reality.
